To

C. S. Balasunderam Iyer, Esq., B. A.
Offg: Secretary to Government,
Genl & Rev: Departments, Bangalore.

SIR,

As the Committee for Industries & Commerce have under consideration the question of submitting recommendations to Government to open Telegraphic Communication between several towns in the State, I am desired to forward herewith the following extract from the Proceedings of the meeting of the Committee held on the 24th February 1912 and to request that you would be so good as to furnish this office, at your earliest convenience, with all the information and files available in your office regarding the establishment of Telegraphic offices in towns.

2. The above information is required in order to enable me to work up the case and place it before the Committee in a form fit for submission to Government.

3. The information supplied will be treated as confidential and the files will be returned.

I have the honour to be,

Sir,

Your most obedient servant,

V. S. Sambasivaiyer.

Secretary,

Industries and Commerce Committee.

4. The Committee considered Rai Bahadur M. Muthannah's proposal that they should move in the matter of establishing telegraphic communication between certain towns in the districts of Shimoga, Hassan, Mysore and Kolar and that they should also address Government requesting them to furnish the cash guarantee demanded by the Telegraphic Department to make up the difference between the receipts at the proposed Telegraphic Stations and the respective amounts of cash guarantee required for each.

Resolution 1. It was resolved that Government be addressed in the matter after collecting all necessary information from the General and Revenue Secretariat and the Telggraphic Department. Mr. Muthannah and the Secretary were requested to work up the case and place it before the Committee in a form fit for submission to Government. The Committee further suggested that the District Committees might be consulted as to the localities in each district which from a commercial or other point of view, might benefit by a telegraphic communication.
